Consent for Services (Read Carefully)

As a condition of your treatment by this office, financial arrangements must be made in advance. The practice depends upon reimbursement from the patients for the costs incurred in their care and financial responsibility on the part of each patient must be determined before treatment.
All emergency dental services, or any dental services performed without previous financial arrangements, must be paid for in cash at the time services are performed.

Patients who carry dental insurance understand that all dental services furnished are charged directly to the patient and that he or she is personally responsible for payment of all dental services. **This office will help prepare the patients insurance forms or assist in making collections from the insurance companies and will credit any such collections to the patients account. However, this dental office cannot render services on the assumption that our charges will be paid by an insurance company.**
A service charge of 1 1/2 % per month (18% per annum) on the unpaid balance may be charged on all accounts exceeding 60 days, unless previously written financial arrangements are satisfied.
I understand that the fee estimate listed for this dental care can only be extended for a period of 30 days from the date of the patient examination.

I grant my permission to you or your assignee, to telephone me at home or my work or cell to discuss matters related to this form.

I have read the above conditions of treatment and payment and agree to their content.
